### Globalization, Crisis, and Health Systems: Confronting Regional Perspectives

Third Edition

19 – 21 April 2010

International Conference Centre Geneva, Switzerland

[www.genevahealthforum.org](http://www.genevahealthforum.org)

*A joint initiative launched in partnership with the major international organizations active in health in Geneva and around the world, the Geneva Health Forum brings together the many stakeholders in global access to health – from actors in the field to policy-makers. The GHF, as a developing global network for international and inter-sectoral dialogue, has the vision of facilitating the strengthening of health systems and basic health services, thus striving to keep global access to health active on the international agenda.*
